

17:24 (17 minute 24 second)
long video tutorial

VIDEO notes

Logging in to the sunny.mwi.edu
web server
0:30 to 1:20 Using SSH secure
shell software

01:30 Creating the FLASH application
Save As (in same location as
your .flv)
Extension is fla

02:05 window menu > Components
Video
FLVPlayback ← our needed
component
Drag it out and drop it on the stage.

02:50 window menu > Component
Inspector

only if you are using
Flash CS4 or CS3

Note: FLASH CS5
uses the Property Inspector
panel to set
skin and
source and
autoplay for FLVPlayback

03:00 to 03:40

Setting the source of the FLVPlayback to the rendered oflv flash video.

03:50 to 04:25

modify menu > Document match contents option chosen —

04:35 to 04:45

Need to add 40 pixels to the height of document, if we are using a SKINUNDERALL.swf skin choice (or any skin Under...)

04:50 to 05:20

Ctrl+k Alignment panel
Align FLVPlayback component to Left or Center or Right horizontally (of STAGE)
but to TOP (not vertical center)
not BOTTOM
of the stage —

So we can see and use the SKIN (skin UnderAll.swf)

See note at 05:26 in tutorial -
See, read, and heed!!

autoplay 05:35 to 05:45
false or true

06:00 to 06:20

skin property or choice
for FLVPlayback
component

SKIN UNDERALL.swf is one of
many choices.

Ctrl + Enter
to TEST MOVIE 06:33

File menu > Publish Settings
07:12 to 08:08
FLASH ONLY - ALLOW FULL SCREEN
07:45

What gets created when you click the PUBLISH button?

08:03

vip concept —

.html
.swf

.fla
.flv
.aep
.swf

2 files
PUBLISHED

skin →

What gets uploaded to sunny?

09:09

09:45

mkdir

to make a directory, (folder)
on sunny.uni.edu

10:08

cd

change directory

10:10 to 10:20

Window menu >

New File Transfer in
Current Directory

10:50

Local $\xrightarrow{\text{upload}}$ Remote
 $\xleftarrow{\text{download}}$

11:10 to 12:05 Upload 4 files to remote sunny.uni.edu from local PC.

ls

ls -l

unix commands

ctrl+d

or logout

ls

list my files

14:00 to 14:55

Visit the web page —
What is the URL?

15:40 to 16:10

Copy and paste the URL to send jacobson@cs.uni.edu your assignment's URL.

jacobson@cs.uni.edu
